

The Umrer, Academy of Arts & Sciences

Mahila Kala Mahavidyalaya, Umred

Session 2021-2022

1. NSS

We have National Service Scheme unit of 100 members. NSS works for creating Social sensitivity and responsibility among the students. Students gather along and contribute for social services. Tree plantation, cleanliness drive, social survey, Drive against drugs and alcohol, Adult education, awareness campaign about early marriages, dowry customs, Health Check-up camp for Villagers etc. are the field of work. We also work for environmental issues. Save water campaign, Say no plastic, Voter awareness campaign etc. are also carried out after a regular period of time. We organized 7 days camp of NSS cadets in nearby villages. We adopt a small village for that. We performed an essential Job. We visited a small village named Gardapar. We presented useful gift articles to the villagers on the occasion of Diwali. A small get-together was arranged in village. Members from our college management had also joined in the cause. We convince the people to let their girls learn. We distributed clothes, sweaters, bed sheets, blankets, some sweets; eatables were also given to them. We think it was a very good thing that we have done in

this pandemic. Students got inspiration for social work from this work of humanity. Professors as well as non-teaching staff also actively participated in this activity.

1. UPSC / MPSC / Competitive Examination Guidance Center

We run this Competitive exam Guidance Center in our college. Students from our college as well as from the other colleges also joined the classes. Experts guide the students for free of charge. This program benefitted majority of the students. Many students have got jobs due to this activity. We built confidence and improve knowledge among the students. Recently Miss AswiniBharde got job in the department of Police as a PSI. About 267 students registered and joined the classes. Covid-19 became a barrier in conducting offline classes hence we conducted online competitive exam guidance program. 147 students took part in the program. Subjects like English, Marathi, Political Science, History, Economics, Sociology and General Knowledge etc. were taught in online system. But as soon as the pandemic was over, we started offline classes too. Outcomes of this these programs were shown positive. We teach how to prepare for the subject, how to face the personal interview etc. It is proved to be one of the best activities in our college.

One Month Sports Training Camp

Sports training camp was organized by the Department of Physical Education & Sports in collaboration with Internal Quality Assurance Cell (IQAC) at Mahila Kala Mahavidyalaya Umred, dist. Nagpur. It was one month camp started from 1 may 2022 to 1 June 2022.

The objective of this camp was to develop the different skills within the students & inform them about several types of sports. In this camp, more than 150 students, age between 7-20, participated. It included different types of sports such as athletics, kabaddi, Kho-kho, karate, chess & drawing. Training was given to them by national & international sports teachers. Yoga session was organized for the students. Again the students were given the guidance about the problems related health & psychology.

Competition was organized for the students to know about what they have been taught in the camp. All the students actively participated in competition, Best students were honoured & awarded the prize by guest at the concluding session.

MiUdhajika- Start-Up Program

In this session Department of Skill Development & Economics, Mahila Kala Mahavidyalaya had started the Start-Up Program MiUdhajika for the college students. 35 students participated in this program. The purpose behind this concept was to empower every student economically & socially. So we try to fulfill this purpose by MiUdhajika start - up program. Mostly the female students are interested the making of household things. If they sell it, they can earn money. In April 2022 we organized the opening ceremony of MiUdhajika by Pro-Vice Chancellor, RTMNU Dr. Sanjay Dudhe. This program proved helpful for the students as a lot of them have earned money by selling their hand made products.
